

# SurfaceTek

*ONE MACHINE - ENDLESS POSSIBILITIES*

*SurfaceTek's Multi-Media Blaster (MMB)* is a versatile, turn-key system that can utilize a wide range of blast media including: sodium bicarbonate, Super K (potassium sulfate), crushed glass, crushed corn cob, garnet and other abrasives. The *SurfaceTek MMB* system can be used for a wide range of applications: mold remediation, fire & smoke damage restoration, general maintenance, cleaning, degreasing, coating removal and surface preparation.

*SurfaceTek's MMB* is lightweight and portable yet strong and durable. The *MMB* has been tested and proven by SurfaceTek professionals to ensure trouble-free, quality results. Knowledgeable technical support is available and with our unparalleled field experience we can help you manage even the most difficult projects. Call SurfaceTek today to get the best media blaster on the market.

SurfaceTek, Inc. 115 S. Broadway St., Tecumseh, OK 74873 1-800-771-7632

# SurfaceTek Mutli Media Blaster ST1650 & ST2500

## Professionally Engineered

- Robotically welded
- ASME Certified
- Powder Coated
- 1 year warranty

## Regulators

- 2 regulators for adjustable blast and tank pressure.
- T-handles for durability and internal mechanism to avoid damage cause by media wear.

## 60 Degree Spun Cone

- For optimal media flow
- No need for vibration system

## Media Adjustment Chamber

- *On-the-fly* media flow control & adjustment for all types of media.
- Easy to reach, allows true one man operation.

## Powder coated fittings

## Water Separation & Air Filtration

- 1st unit a particulate/water filter, removes debris & water keeping valves and system clean
- 2nd unit a water separator, ensures no moisture reaches inside tank

## 10" Solid Wheels

- With offset bearing hubs for better weight distribution

## ST Blast Package

- 12 volt electric deadman
- #4 or #5 Tungsten carbide blast nozzle
- 3rd 250 cfm water separator
- 50' blast hose
- 50"- 1" air supply hose
- 250 cfm 12 volt aftercooler

## Specifications

	ST1650	ST2500
Height	48"	52"
Width	28"	28"
Depth	32"	32"
Weight	120 lbs	130 lbs
Capacity	1.65 cu. ft.	2.50 cu. ft.
